

Similar products to cable trays

AI Overview

Cable trays can be complemented or replaced by cable ladders, wire mesh trays, raceways, under-desk organizers, cable sleeves, and magnetic or adhesive cable management solutions.

Industrial and Commercial Alternatives

Cable Ladders: Similar to ladder-type cable trays, cable ladders consist of side rails connected by rungs, providing excellent airflow and support for heavy-duty power cables over long spans. They are ideal for industrial plants, utility buildings, and power stations where heat dissipation and easy maintenance are critical.

Wire Mesh (Basket) Trays: Constructed from welded steel wires, these trays are lightweight, flexible, and easy to modify on-site. They are suitable for data centers, IT networks, and office buildings, supporting low-voltage and data cables while allowing quick installation.

Channel and Trough Trays: Channel trays are compact and economical for light cable loads, while trough trays offer partial enclosure for better cable protection. Both are used in commercial buildings, industrial indoor installations, and retrofit projects.

Single-Rail Trays: These use a central spine to support cables, reducing material usage and fitting tight spaces. They are ideal for retrofit or expansion projects where flexibility is needed.

Desk and Home Cable Management Solutions

Under-Desk Trays: These trays attach beneath desks to organize power strips and cables, keeping workspaces tidy and accessible.

Cable Sleeves and Cord Protectors: Flexible sleeves bundle multiple cables together, protecting them from wear, pets, or foot traffic. They are suitable for home offices, entertainment setups, and workshops.

Magnetic and Adhesive Cable Clips: Small, versatile clips hold cables in place on desks, walls, or nightstands. They allow easy access and prevent tangling, ideal for frequently used charging or data cables.

Cable Ties and Hook-and-Loop Wraps: Reusable ties and wraps secure cables in bundles, offering a cost-effective and adjustable solution for both home and office environments.

Raceways and Conduits

Electrical Raceways: Enclosed channels that...
