

Southeast Asian Conventional Power Distribution Box Manufacturer

AI Overview

Key manufacturers in Southeast Asia include GEYA, Asiatic Group, IndoAsian, Asian Electrical Industries, and Nijsha Enterprise, offering certified, high-quality power distribution boxes for industrial and commercial applications. Leading Manufacturers

GEYA specializes in distribution boxes, miniature circuit breakers, DC surge protectors, and smart electricity meters. Their products are certified by international bodies such as UL, CSA, TUV, and CE, ensuring high safety and performance standards. GEYA emphasizes in-house production and rigorous testing, using flame-retardant, impact-resistant ABS materials for durability and insulation .

Asiatic Group offers enclosures and distribution boxes designed for harsh environmental conditions, including dust and humidity. Their products, made from thermoplastic polystyrene and polycarbonate, provide IP65 to IP67 protection, UV resistance, and flame retardancy. Asiatic's solutions are suitable for both national and international low-voltage applications .

IndoAsian manufactures Caretron+ and Optipro distribution boards, combining aesthetic design with practical performance. Their boards feature isolated neutral bars, cement-spill protectors, and IP-rated enclosures, ensuring safety, longevity, and seamless integration in commercial and residential spaces .

Asian Electrical Industries has over 50 years of experience producing electrical control panels, LT/HT distribution boards, AC/DC boxes, and customized power systems. Their products are widely used across industries, utilities, and government projects in India, emphasizing precision, safety, and compliance with global standards .

Nijsha Enterprise focuses on heavy-duty power distribution boxes for commercial and industrial use. Their modular designs allow easy expansion and customization, and advanced safety features include ground fault and circuit break...
