

Supplier of 1000mm deep micro-module computer room

AI Overview

Several suppliers offer 1000mm deep micro-module computer rooms, including Delta, GAOTek, ZTT Group, and Alibaba vendors. Delta InfraSuite Delta offers highly integrated modular data center solutions that use racks as the core carrier, integrating UPS, cooling, power distribution, fire control, airflow management, and intelligent monitoring . Their micro datacenter solutions are compact, suitable for IT loads under 20kVA, and can be deployed quickly in limited spaces. Delta's solutions support high availability configurations (N, N+1, 2N) and energy-efficient operation with PUE less than 1.4. GAOTek Smart Micro Data Center GAOTek provides high-density integrated modular data centers with cold aisle containment, offering prefabricated, scalable solutions for small to medium IT deployments . These modules include integrated power and cooling systems, enabling rapid deployment and efficient management of high-density racks. ZTT Group Micro Modular Data Center ZTT Group supplies micro modular data centers with factory-prefabricated components, including cabinets, UPS, air conditioning, distribution cabinets, and intelligent monitoring . Their solutions support closed cold or hot aisle configurations, optimize airflow, reduce energy consumption, and allow flexible phased expansion. These systems are suitable for environments with limited space or restricted floor height. Alibaba 1000mm Deep Server Cabinets For standalone 1000mm deep racks, Alibaba lists 18U network server cabinets made of high-quality SPCC steel, featuring vented side panels for improved cooling and cable management . These cabinets can be integrated into micro-module setups or used independently for small server rooms. Summary Depending on your requirements—whether a fully integrated micro data center or individual 1000mm deep racks—you can consider Delta InfraSuite for...
