

Tuvalu Hot-dip Galvanized Cable Tray Price Quotation

AI Overview

Hot-dip galvanized cable trays typically range from \$15 to \$50 per meter depending on size, thickness, and supplier, with additional shipping costs to Tuvalu. Global Pricing Overview Hot-dip galvanized cable trays are widely used for industrial and commercial cable management due to their corrosion resistance and durability . Prices vary based on tray type, material thickness, and dimensions. For example, perforated or ladder-type trays made from 2.5mm steel generally cost \$15-\$30 per meter, while larger or custom trays can reach \$40-\$50 per meter . Premium materials like stainless steel or zinc-aluminum coatings may increase costs further. Factors Affecting Price Tray Type and Size: Ladder, ventilated, perforated, and wire mesh trays have different manufacturing costs . Material Thickness: Thicker steel (up to 3mm) increases weight and cost . Surface Treatment: Hot-dip galvanization adds a protective zinc layer, enhancing longevity in harsh environments, which slightly increases price compared to pre-galvanized trays . Customization: OEM or custom designs for complex installations may incur additional charges . Shipping and Import: Tuvalu's remote location may add significant freight costs, customs duties, and lead times. Supplier Options Jiangsu Holdee Electric Co., Ltd. offers a wide range of hot-dip galvanized trays, including ladder, ventilated, and perforated types, with OEM services and free samples . Superfab Inc. provides durable trays suitable for indoor and outdoor installations, emphasizing long-term corrosion resistance . EAE Electric manufactures heavy-duty trays in standard 3-meter lengths, with options for 6-meter lengths and high load capacity . Recommendations for Tuvalu Procurement Request quotes from multiple suppliers to compare prices, shipping, and lead times. Consider local environmental conditions: high humidity and salt exposure favor hot-dip galva...
