

UAE Cable Tray Channel Steel

AI Overview

Steel cable tray channels in the UAE are widely available from leading manufacturers offering durable, corrosion-resistant, and customizable solutions for industrial and commercial applications. Leading Manufacturers and Suppliers

Unigroup – Offers a full range of cable trays, channels, and trunking systems manufactured in the UAE. Their steel channels are available in slotted and plain types, with finishes including GI/Pre-Galvanized, Hot Dip Galvanized, SS304, SS316L, and epoxy polyester powder coating. They provide solutions for perforated, ladder, and wire mesh trays, engineered for strength, fire resistance, and long-term reliability across commercial and industrial projects.

Ruwais Steel – Based in Al Ain, Abu Dhabi, Ruwais Steel manufactures structural steel products, strut channels, and custom cable trays. They specialize in high-capacity steel channels suitable for MEP applications, offering on-time delivery and tailored solutions for both industrial and commercial installations.

Emerald Steel Industries LLC – Located in Ajman, Emerald Steel supplies hot-dip galvanized cable trays, U channels, strut supports, and ladder systems. Their products are available in light, medium, heavy, and extra-heavy duty configurations, with standard lengths of 3 meters. They also provide engineering support, AutoCAD designs, and PDMS integration for complex projects.

West Port – Specializes in premium cable management systems, including perforated, ladder, and solid-bottom trays, along with horizontal and vertical bends, reducers, elbows, covers, and couplers. Their steel channels are designed for high load capacity and long cable runs, suitable for data centers, infrastructure, and oil & gas projects.

Avadh Metal Industries – Offers a wide range of steel cable management and support systems, compliant with ISO 9001 quality standards. Their production emphasizes precision, high-end finishing, and adherence to international fabrication standards, making them suitable for MEP, industrial, and commercial applications.
