

Uganda Single-Mode Indoor Optical Cable Manufacturer

AI Overview

Fiber Technologies Uganda Ltd and Standard Cable Corporation are key providers of single-mode indoor optical cables in Uganda. Fiber Technologies Uganda Ltd specializes in fiber optics consultancy, training, and deployment, and partners with international manufacturers like OFS and Draka to access high-quality optical fiber products. While primarily focused on network design and installation, they provide single-mode fiber optic cables suitable for indoor use and offer end-to-end support including testing, certification, and installation training for technicians. Their services are ideal for telecom operators, enterprises, and residential fiber-to-the-home (FTTH) projects. Standard Cable Corporation (SCC) is a leading Ugandan cable manufacturer producing a wide range of cables, including high-quality copper and fiber optic cables. Their products undergo rigorous quality assurance and are distributed nationwide. SCC's fiber optic cables are suitable for indoor installations, offering durability and reliable performance for enterprise and residential networks. Legrand Uganda supplies fiber optic solutions, including drawers, panels, connectors, and fiber optic cables. While they focus on structured cabling and network components, they provide single-mode indoor fiber cables compatible with professional network setups, making them a reliable source for both installation and integration. Additional Considerations IT Console Company Limited provides fiber optic installation and structured cabling services, sourcing cables from reputable brands. While not a manufacturer, they can supply and deploy single-mode indoor fiber cables for projects across Uganda. When selecting a supplier, consider cable quality, certification, and technical support, especially for indoor single-mode applications where signal integrity is critical. These companies collectively off...
