

What are some manufacturers of simple optical cable racks

AI Overview

Some notable manufacturers of optical and fiber cable racks include Marken Manufacturing, Osburn Associates, A-Aerial, CommScope, Agiltron, and ICC. Cable Rack Manufacturers For general cable management and simple optical cable racks, the following companies are recognized:

Marken Manufacturing, Inc. – Offers a range of cable racks suitable for large facilities, public buildings, and industrial applications, designed for efficient cable organization and long-distance installations.

Osburn Associates, Inc. – Provides modular cable racks that can be connected to cover extensive cable runs, often used in factories and laboratories.

A-Aerial – Specializes in cable racks for structured cabling, supporting orderly installation of multiple cables over long distances.

CommScope – Supplies easy-to-install frames, racks, and cabinets engineered for network equipment and fiber cable management, suitable for both commercial and industrial environments.

ICC – Offers structured cabling solutions including fiber optic connectivity products and racks for commercial and residential applications.

Specialized Optical Rack Manufacturers For more customized or modular optical systems, these manufacturers provide turnkey solutions:

Agiltron Inc. – Develops and produces modular optical racks for fiber optic components, lasers, and beam delivery systems. They offer full-service solutions from concept design to assembly, testing, and installation, including thermal management and system integration.

Considerations When Choosing a Rack

- Modularity** – Some racks allow easy expansion or reconfiguration.
- Material and durability** – Steel or aluminum racks are common for industrial use.
- Compatibility** – Ensure the rack supports the type of fiber or optical components you plan to install.
- Ease of installation** – Pre-assembled or modular racks can reduce setup time.

These manufacturers provide a range of o...
