

Where can I find galvanized cable trays in Egypt

AI Overview

Egypt has a robust supply of galvanized cable trays, with multiple manufacturers and suppliers offering hot-dip and electro-galvanized steel trays for industrial and commercial applications. Key Suppliers and Manufacturers

EIG Egypt offers a wide range of cable trays made from cold-rolled steel, electro-galvanized steel, stainless steel, and aluminum. Their galvanized trays are coated with zinc to prevent corrosion and extend service life, suitable for general engineering and electrical applications.

Brilltech Engineers is a leading manufacturer and supplier of hot-dip galvanized cable trays in Egypt. Their trays are designed for durability, corrosion resistance, and efficient cable management. They provide perforated designs for ventilation, ensuring cables remain cool and safe, and support quick installation to reduce labor costs.

Rovana Trade specializes in cable trays, cable ladders, and complete electrical cable management systems. They offer both hot-dip and cold-galvanized trays, with full supply and installation services across Egypt. Their products are customized to meet industrial and infrastructure project requirements.

El Masrya El Almana Company manufactures all types of cable trays, including perforated trays, solid ducts, and cable ladders, using high-quality galvanization. They focus on rapid production, competitive pricing, and adherence to engineering standards.

Delta Steel and Gold Steel provide certified galvanized cable trays and accessories, ensuring compliance with international standards and suitability for large-scale infrastructure and energy projects.

Types and Features of Galvanized Cable Trays

Hot-Dip Galvanized Steel Trays: Coated in molten zinc for superior corrosion resistance, ideal for harsh environments.

Electro-Galvanized Steel Trays: Zinc coating applied electrolytically, suitable for indoor or less aggressive conditions.

Perforated Trays: Al...
