

Which company makes the best lighting distribution boxes for Ghana

AI Overview

Esca Tech Electrical Company Ltd. and Prefos Limited are among the top choices for high-quality lighting distribution boxes in Ghana. Leading Companies

1. Esca Tech Electrical Company Ltd. Esca Tech is widely recognized as a leader in Ghana's electrical sector, offering a combination of traditional expertise and modern technological integration. They specialize in electrical panels, power distribution systems, and energy-efficient solutions, making them a reliable choice for lighting distribution boxes. Their emphasis on safety, long-term durability, and innovative practices ensures high-quality installations for residential, commercial, and industrial projects.
2. Prefos Limited Prefos Limited is a major electrical engineering company in Ghana, celebrated for its street lighting and urban beautification projects. They provide durable and modern electrical solutions, including plans to manufacture electrical cables and accessories locally. Prefos has extensive experience in large-scale lighting projects, which positions them as a strong candidate for supplying and installing lighting distribution boxes.
3. Continental Lighting Based in Accra, Continental Lighting imports high-quality European lighting products and provides electrical engineering services. Their technical department handles electrical drawings, lighting design, and project supervision, which includes distribution systems. They are suitable for clients seeking both premium products and professional installation services.
4. Luminant Lighting & Electricals Luminant specializes in decorative lighting and electrical accessories, with in-house assembly capabilities. They offer contract work and custom installations, supported by expert advice and after-sales service. Their experience in assembling lighting fittings and electrical components makes them a viable option for distribution box solutions.
