

Who are the fiber optic connector suppliers in Libya

AI Overview

Key fiber optic connector suppliers in Libya include local companies like Technology Leaders Telecom (TLT) and Afaq ICT, as well as international imports from Portugal, Germany, and South Korea. Local Suppliers Technology Leaders Telecom Company (TLT) is a major telecommunications infrastructure provider in Libya, offering integrated solutions for network deployment, including fiber optic systems. They provide services such as installation, operation, and maintenance of telecom networks across various sectors, including banks, telecom operators, and government projects, making them a key supplier and service partner for fiber optic connectors in Libya. Afaq ICT Company specializes in fiber optic network design, installation, testing, and certification. They offer comprehensive solutions covering all aspects of fiber optic cabling, including SC, LC, FC, ST, and MTP/MPO connectors. Their services include customized network design based on client requirements, ensuring reliable and secure fiber optic infrastructure. International Suppliers Libya imports a significant portion of its fiber optic connectors and cables from international suppliers. The leading countries supplying optical fibers, bundles, and cables to Libya are: Portugal – the largest supplier, accounting for 44% of total imports. Germany – the second-largest supplier with a 20% share. South Korea – the third-largest supplier, contributing 13% of imports. These imports include a wide range of fiber optic connectors and cables used in telecom, oil & gas, military, and other sectors. B2B Distributors For specific connector types like MTP/MPO connectors, there are distributors such as Smart Wholesale, which supply imported connectors to Libyan businesses. These distributors allow direct contact with suppliers for bulk orders and B2B transactions. Summary Businesses or individuals seeking fiber optic connectors...
