

Xj fire protection distribution box

Overview

This Type X-J conduit body contains five, 1" NPT threaded hubs and top-located nubs on the cover for easy access with tools. Constructed of die-cast copper-free aluminum, a durable powder coated finish helps the junction box withstand corrosive substances, moisture and exposure. Safely conduct, connect and distribute energy in hazardous areas with R. Our products are certified for installation technologies all over the. The Larson Electronics EPJ-CBA-TXJ-100 Explosion Proof Junction Box is designed for use in Class I, II and III rated facilities. • Bodies XJAC, XJAL and XJAT 26 thru 46 have four interior mounting bosses, which can be blind tapped. They are certified in accordance with international explosion.
